--- 1/15th Pound -"Series of 1942" - 152 x 15 mm. ---

Due to wartime restrictions on packaging of sizes smaller than 1/12th pounds, there was no *4¢ - EXCISE / TAX* surcharged 1/15th pound "Series of 1942" strip issued for the Budget of March 1943. After mid-1947, when the printing of the excise tax on the stamp was no longer mandated, the 1/14th pound imperforate **RP-1763** saw use.

It seems from the controls that there were about 2,000,000 copies printed. Apparently it did not see much use by the domestic manufacturers. The bottom edge of the illustrated strip appears to have been a rough cut *imperforate* from the packaging machine.
